Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 21 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain at times with light winds.

Today:
Outbreaks of rain over southern Wales and drier conditions with sunny spells further north to start. The patchy rain will spread to many parts by the afternoon but staying dry in the far northwest. Feeling mild with light winds. Maximum temperature 12 deg C (54 deg F).

Tonight:
Cloudy with patchy rain through the evening before turning drier from the west overnight. A chance of fog forming in the west towards dawn. Remaining mild with light winds. Minimum temperature 5 deg C (41 deg F).

Monday:
Any lingering rain will soon clear to give a dry day with plenty of sunshine by the afternoon. Cloud forming again overnight, it will remain predominantly dry with occasional drizzle. Maximum temperature 11 deg C (52 deg F).

Outlook for Tuesday to Thursday:
Strong winds with coastal gales, on a wet Tuesday. Staying wet as winds start easing on Wednesday. Sunny spells and showers with light winds on Thursday. Remaining mild throughout.
